

## Raspberry Fudge Heart Brownies

I am not one to purchase ready-made brownies, or a box mix. But this segment the dinner has a cost and timeframe I must show. If you have time, made a brownie from scratch.

Serves 2

12 oz          bakery made iced brownies  
3 tbsp        raspberry preserves

1. Take the brownies and refrigerate for 30 minutes. Using a heart shaped cookie cutter (3-inch), cut two hearts out of the brownies
2. Spoon 1-1/2 tablespoons of raspberry preserves on top to make the brownies shine.
